

Dear Customer,

We want to thank you for choosing Randall Brothers over the years! We're proud to have been in business for more than 140 years, and during that time our business model has evolved to adapt to the changing needs of our customers.

Please note that Randall Brothers no longer manufactures our own trim. However, we work closely with several local companies to reproduce our historic profiles, and we continue to stock many of our most popular trim profiles at our Metro Atlanta locations.

If you see something you're interested in and would like to check stock availability, please contact our Atlanta Branch at (404) 892-6666.

Keep in mind that some stocked profiles may have slight measurement variations from the original designs. If you need an exact match, we recommend contacting us before replacing a piece. Some of the more ornate profiles are difficult to reproduce and may require extended lead times.

Thank you again for your continued support of Randall Brothers — we truly appreciate your business and look forward to speaking with you soon!

Warm regards,
The Randall Brothers Team
